What are our objectives?

The main goal of “Civica for All” is to provide a safe and respectful space for all its members, and especially displaced and refugee students, in which they can not only get up-to-date information for scholarships and job opportunities in the higher education for displaced and refugee students. In addition, we provide information about relevant workshops, events, free language learning possibilities as well as information on NGO’s based in the countries in which CIVICA partner universities are located.
