

Support and Information for Displaced and Refugee Students

Become a member of **CIVICA for All** on Whaller
[Register now](#) and join us!

What does “CIVICA for All” offer?

The main goal of the CIVICA for All platform is to provide a safe and respectful space for all its members, and especially displaced and refugee students, in which they can **get up-to-date information for scholarships and opportunities** in the higher education. In addition, we provide news about **relevant workshops, internships, events, free language learning possibilities** as well as information on NGOs based in the countries in which CIVICA partner universities are located. Group members can freely post in the group, meet via virtual meeting rooms, discuss privately with each other in the chat, and store documentation that might be useful for other members! Refugee and displaced students but also staff members working directly with refugee students at CIVICA member institutions are particularly welcome to register and join the CIVICA for All sphere.

Register now and get also access to exclusive events for AY 2023/24:

- Virtual Information Sessions
- Skill-building workshops (CV and Cover Letter Writing, Intercultural communication skills)
- Alumni Meet-ups

What happens after you [register](#)?

Once you express your interest in becoming a member of this group, **you will be added to the “CIVICA for All” group** and you will receive an email with detailed instructions on how you can use this sphere!

For more information about “CIVICA for All”, see [student testimonials](#), [CIVICA for ALL tutorial](#), contact our platform administrator, Dunja Milenkovic via email MilenkovicD@ceu.edu or [register for our online events!](#)

About CIVICA:

CIVICA, the European University of Social Sciences unites ten leading European higher education institutions, in the social sciences, humanities, business management and public policy. Together, we build on an ever-stronger combination of education, research, innovation, and civic outreach to develop the European university of the future. CIVICA was selected in 2019 by the European Commission as one of the pilot European Universities funded under the Erasmus+ programme. For more information about CIVICA, please consult <https://www.civica.eu/>
