

# Austrian Labor Economics Workshop 2022

Friday, 4. November 2022

Venue: CEU – Central European University – Auditorium

1100 Wien, Quellenstrasse 51

The sixth Austrian Labor Economics Workshop will be held at CEU in Vienna.

The aim of the workshop is to provide a forum for discussion of recent research in the broad field of labor economics. Contributions of empirical and theoretical studies adopting micro- and macro-economic perspectives are welcome, including topics related to labor markets, social policy, income distribution, migration, education, health, or gender economics. The workshop offers room for an open and collegial discussion and welcomes preliminary or controversial research.

**Please send a copy of your completed paper or an extended abstract per email to [labormarket@ceu.edu](mailto:labormarket@ceu.edu). The deadline for submissions is September 30, 2022.**

The selection of contributions by the organizers will be completed in mid-October 2022 and the final program will be published by the end of October.

We are planning presentations of 20 minutes per paper plus some time for discussion. The exact number of presentation slots and the time frame will be determined by the organizers.

Registration for presenting and non-presenting participants will be open starting mid-October. Detailed instructions will be announced later.

We are looking forward to welcoming you in November!

The team of organizers
